BREAKING THE ICE.

We had some offish neighbors once that moved in down the road; We reckoned they was 'bout the proudest folks we'd ever knowned, An' when we passed 'em now an' then we held our heads up high To make dead sure they couldn't snub us if they was to try. It really made me nervous, so I jes' braced up one day An' thought I'd go ahead an' show my manners, anyway. On Sunday, 'stid o' turnin' 'round an' gazin' at the view, I looked at them an' says, "Hello!" An' they says, "Howdy do!" It wa'n't the cold an' formal greetin' that you've sometimes heard— They smiled and said it hearty, like they meant it, every word. It's solemn to reflect on what we miss along life's way, By not jes' bein' natural an' good humored day by day. There's lots of folks who fling the simple joys of life aside Because they dread the shadow of their own unconscious pride. And nine times out o' ten you'll find the rule works "right an' true"— Jes' tell the world "Hello!" and it'll answer "Howdy do!"

A Mt. Olivet Colored Child Likely to Die From the Effects.

A colored Minister named Brown, from near Mt. Olivet, brought his four-year-old child to the office of Dr. Ellis yesterday for treatment. The child was playing with empty 22-caliber revolver shells and had placed several in its mouth, one of which lodged in the windpipe.

After Dr. Ellis had worked with it for several hours the child breathed and felt better. The shell went on down and is resting near the lung. The child is in a bad fix and only surgical aid will save its life.

WHICH IS YOUR DAY?

The Special Days at the Approaching Cincinnati Fall Festival.

In order to meet the particular interests and sympathies of the thousands of people who will visit the Fall Festival at Cincinnati during the next two weeks, the following days are named as specially dedicated to celebrating the subjects mentioned in connection with the dates—

Monday, September 7th—Labor Day.
Tuesday, September 8th—Irish-American Day.
Wednesday, September 9th—Home Coming Day.

Thursday, September 10th—Fraternal Order Day.
Friday, September 11th—Outside School Children's Day.

Saturday, September 12th—Commercial Traveler's Day.
Sunday—Two concerts on the Marco Polo stage by Sousa's Band.

Monday, September 14th—City School Children's Day.
Tuesday, September 15th—German Day.

Wednesday, September 16th—Irish Day.
Thursday, September 17th—Flower Day.

Friday, September 18th—All Nations' Day.
Saturday, September 19th—Cincinnati Day.

Cincinnati is particularly accessible from all parts of the country, owing to a central location, and a very complete system of railroad and electric car lines, which cover the surrounding district and center in the city. One fare takes the visitor from any of the depots to the Fall Festival, by means of a transfer. There are ample hotel, boarding and lodging house accommodations to suit all purses. Good restaurants furnishing a meal from 15c upward abound. It is the boast of Cincinnati that she can entertain 100,000 people daily above her own population without the slightest inconvenience. Just now the city is putting on her gala attire, and the elaborateness and variety of the decorations surpass anything seen at previous Festivals.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. The Louisville Evening Post asks, "Is WALTON a Maniac?" Not on your life; he's just a plain everyday dambhool.

Of course, we are glad for his family's sake that Vice-Consul MAGELSEN was not killed, but think of the sad state of President ROOSEVELT, who keyed himself up to do great stunts as an avenger only to find there is nobody to avenge!—*Louisville Times*.

Yes; and just think of the stunts you would have stunted had the report turned out to be true and had the President failed to act promptly.

"THIRTY-SIX Jurors have found POWERS guilty," says The Courier-Journal. Exactly; and three hundred and thirty-six hidebound Republican Jurors could just as easily and just as unanimously have found HENRY WATTERSON guilty of any political crime charged against him.

It might be interesting to know what part TOM CAMPBELL the snitch played in informing the Powers Jury that attempts had been made by friends of POWERS to burn them up in their boarding-house, in order to influence them against the prisoner and to make sure of his "conviction" and a \$5,000 slice of the blood-money fund.

ONE of the Attorneys for CALEB POWERS says that one of the grounds for a new trial will be that Judge ROBBINS sentenced POWERS within three hours after he was convicted. He says the law requires that the prisoner be sentenced before the expiration of the special term, but since the term did not expire until the middle of this week the passing of the sentence at that time was illegal. The same Attorney said that another ground will be an allegation that the Deputy Sheriffs told the Jurors that attempts had been made to burn them up in their boarding-house, thereby prejudicing them against POWERS.

UNDER the caption, "Kentucky Shamed by the Caleb Powers Verdict," The Cincinnati Times-Star, a most conservative newspaper by the way, has this forceful article—

"By a verdict condemning Caleb Powers to death a Democratic Jury at Georgetown Saturday but added shame to Kentucky's disgraceful prostitution of justice to political ends. It is not a verdict on evidence. It is a prejudiced finding, absolutely against both law and fact."

"No unbiased mind having followed the history of the persecution of Caleb Powers carried on under the guise of prosecution of crime, can reach any other conclusion. Not an element essential to the maintenance of a case against the defendant was developed in the case. Powers' defense was clear, sound and strong. His personal presentation of his cause based on testimony unimpeached and unimpeachable, was complete and convincing; the logic of law, combined with the logic of fact, the first unanswerable, the second impregnable."

"But the needs of a desperate Democracy demanded a sacrifice of blood on the altar of an Administration reeking with fraud, the foster child of force. Before the whole Kentucky stands shamed by this disgraceful perversion of her legal machinery. Without a scintilla of evidence upon which to base the finding the Jury has condemned this man to a felon's death. It is the utterance of party hatred, the outcry of political malice. Just men cannot endure it; honest men, unblinded by the bitterness of bias, must condemn it."

"The verdict is a travesty on law, and, worse, it is the spirit of the mob invading the courts. An enforcement of the sentence would be lynching legitimized. Kentucky has suffered much. She cannot suffer this outrage be consummated and held up her head among a sisterhood of states bound by the sacred ties of equal justice to all men."

Auditor's Agent F. Stanley Watson has brought suit for back taxes against Julia, Wilhelmna and Sallie Joerger, and Thomas R. Pfister as Administrator of Tillie Joerger, deceased, on \$20,000 each.

NEWPORT must be overrun with future statesmen and Presidents. Down there a youth stuck a piece of lighted paper into a can of coal oil carried by a little girl, and the result was a sudden flash. The child dropped the can in time to escape the blaze and ran home screaming. By all the rules of etiquette that "youth" should have—about 169 visits from a rawhide on his seat of learning.

STUNG by articles recently published in The Louisville Herald showing how his office of Superintendent of Public Instruction was being conducted in expense and the destination of salaries, H. V. MCCLESNEY, who fills the position at Frankfort, has sworn out warrants at Smithland, in Livingston county, against YOUNG E. ALLISON, Editor of The Herald, and GEORGE W. RILEY, its Frankfort correspondent, on the charge of criminal libel. The object in swearing out the warrants in that distant county, when he might have done so either at Frankfort or Louisville, was probably to annoy the accused as much as possible or because Mr. MCCLESNEY relies upon having a pull in his home county that will achieve his purpose.

This is, of course, another step in the studied purpose of the Frankfort Administration to intimidate newspaper correspondents and obstruct the press in its efforts to get at the records and the facts in the Administration and make them public.

HERE are a couple of "opinions" that do not agree exactly; but in the absence of "specifications" as to Mr. HANLEY's "stalwart Republicanism" from The Bulletin, it is presumed that his Millersburg neighbor knows at least as much about HANLEY's politics as does The Bulletin—

Mr. DENNIS HANLEY, the Republican Juror in the Caleb Powers trial last week in Georgetown, is one of the substantial farmers of Bourbon and a former resident of this county, where he has many relatives and acquaintances. If the other eleven Jurymen are as honorable and upright as Mr. HANLEY, and that has not been questioned by a fair-minded person, POWERS and his attorneys cannot doubt that they were fully convinced from the evidence that he is guilty, as charged, and should suffer the death penalty.—*Bulletin*.

MILLERSBURG, KY., Aug. 31, 1903.
Editor Leader: I have noticed in the press the picture of one DENNIS HANLEY, said to be the "lone Republican Juror" in the Powers case. HANLEY has lived within two miles of this place for ten years, and it is a matter of doubt whether he is a Republican or not. GORBEL's picture occupies a conspicuous place in his home, and in a recent Magistrate's race, as well as in other political contests, he openly advocated and worked for the success of the Democratic ticket when we needed all the Republican votes we could get. I believe the Sheriff's Deputies knew their man when they picked HANLEY, as they passed Republicans on the streets and on the roads leading to this place and summoned Democrats in the very sight of Republicans who were ignored. Everyone noticed it and commented on it at the time. I write this to let you know exactly what we know and what we think may be expected of the one alleged "Republican" Juror in the Powers trial. Anything in this letter you may make public at the proper time, as I can prove what I say if it is disputed.

Which Is Better—Try An Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment—Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit; But the endorsement of a friend is. It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case.

Mr. Fred W. Bauer, job printer of 4 East Second street, says:

"For a year or more I had considerable pains in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder, evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. Jas. Wood & Son's Drugstore corner of West Second and Market streets. The treatment soon relieved the kidney secretions to a natural color, ended the inflammation, banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use."

The Henry M. Stanley will pass up tonight for Charleston.

The old reliable Courier is out again after a tie up of only a few days.

Among its freight yesterday from this point the Courier received 175 sheep, 26 cattle and about 160 hogs.

The Lee Line steamers Potosi and Roes Lee will enter the Cincinnati, Louisville and Memphis trade as soon as there is a good rise in the river.

The Chickasaw is being wrecked at Jeffersonville. Her machinery will be placed on the new towboat being built for W. C. Jutto by Howard.

The Independent steamer Grapevine is doing well in the Cincinnati and Vancoburg trade. She passes down Monday, Wednesday and Friday evenings; up Tuesday, Thursday and Saturday nights.

The Douglas Hall with 19 boats and barges of coal was at the wharf yesterday evening. She tied her fleet on this side and delivered a barge to Aberdeen, then came back and delivered three barges here.

Captain J. F. Ellison inspected the Virginia, which is on the Queen City Marine Ways. He reports the work as progressing satisfactorily and the boat will be off the ways in time for the autumn trade.

Yesterday, after the Pittsburgh and Kanawha coal fleets began passing this city, there were at one time eleven towboats in sight between the bends. It made things look like they had on a hustle anyhow.

The management of the different packet lines running out of Cincinnati and operating boats between Pomeroy, O., and Madison, Ind., have made arrangements to give the Fall Festival visitors reduced rates.

Several steamers are being repaired in Pittsburgh and at other places. In a great many instances the acids in the water caused them to lay up. The present rise will clear out the river of the harmful substances and fewer complaints will be made for the next few weeks.

Despite the fact that the Allegheny and Monongahela rivers had started to fall the Pittsburgh coal companies rushed nearly two million bushels of coal out of the harbors Tuesday and started it on a journey to Southern markets. Reports from all upriver points indicate a fall, but this is so gradual that it is believed the coal will reach its destination in safety without having to tie up at any point.

William Agnew, one of the best Pilots in the employ of the White Collar Line, was stricken with paralysis while the steamer Courier was lying at the Vancoburg wharf yesterday. He was taken to the Marine Hospital at Cincinnati. He is in a very serious condition, his entire right side being affected. His many friends sympathize with him in his affliction. He was accompanied as far as this place by Dr. Hill of Vancoburg.

J. F. Ellison, President of the Cincinnati Chamber of Commerce and Superintendent of the Cincinnati and Pittsburgh Packet Company, Saturday received an invitation to go to Paraguay as the guest of the Paraguayan Government. The various rivers will be inspected and the advisability of placing several lines of steamers on them will be discussed. These rivers have a total navigable length of 8,000 miles, with a four-foot channel or more the entire year.

The Genuine vs. Counterfeit.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter of Shreveport, La., says: "After using numerous other remedies without benefit one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by J. Jas. Wood & Son.

IGNORANCE

Blows out the gas and furnishes the newspapers with a jest and an obituary notice. "Didn't know it was loaded" may be an honest plea, but it never brought a victim back to life. Those who let a cough run on, in ignorance of the danger, find no escape from the consequences when the cough develops into lung trouble.

The best time to cure a cough is when it starts. Ordinarily, a few doses of Dr. Pierce's Golden Medical Discovery will cure a cough at the beginning. But even when the cough is deep-seated, the lungs bleed and the body is wasted by emaciation, Dr. Pierce's Golden Medical Discovery will in ninety-eight cases out of every hundred effect a perfect and permanent cure.

\$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"My husband had been coughing for years and people frankly told me that he would go into consumption," writes Mrs. John Shireman, of No. 26 1/2 25th Place, Chicago, Ill. "He had such terrible coughing spells we not only grew much alarmed but looked for the bursting of a blood vessel or a hemorrhage at any moment. My husband's recovery was remarkable. In three days after he began using Dr. Pierce's Golden Medical Discovery he was up and around, and in two more days he went to work. Two bottles cured him."

The Common Sense Medical Adviser, 1008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

CAUTION:

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its regularity all these years, you will be thankful that we called your attention to Hoeflich's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficulty expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 2c size has just been introduced this year. Regular size 75 cents. At Henry W. Ray's, next door to Postoffice.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and most reliable remedy in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by J. Jas. Wood & Son, Druggists.
